

Because every print should be a masterpiece.

DuploFLEX® 3 | DuploFLEX® 4

Plate mounting tape solutions for perfect results
in 0.38 / 0.44 mm label printing.

The art of always being able to provide the right solution for every requirement

The answer to continuously demanding flexographic printing requirements.

Ever-increasing customer demands and complex print jobs place the highest demands on label printing. Professionals like you are therefore forced to increasingly optimize their processes in order to remain competitive. The choice of the correct plate mounting tape very often becomes the pivotal point for greater efficiency and process safety. Solutions warranting superior handling during mounting and demounting as well as perfect print images, even at a low impression setting, are in high demand.

Lohmann plate mounting tapes – go beyond the standard.

As one of the world's leading suppliers of plate mounting tapes, we at Lohmann understand what is needed in flexo printing today: Customized solutions that meet the individual needs of our diverse customers. The answer to all these demands is DuploFLEX®. With our premium brand, we offer plate mounting tape solutions for 0.38 and 0.44 mm printing, which by far surpass the existing standards. Our DuploFLEX® 3 and 4 ranges include a wide selection of mounting tapes with various degrees of foam hardness and adhesive properties that meet the most varied flexo printing demands. Do you have very specific demands? No problem. We are experts in customizing and – on request – can develop a custom-made mounting tape solution for you.

Know-how that pays off for you.

The high level of quality our mounting tape solutions provide is no coincidence. Whether by means of a solution-oriented consultation, our FlexoLAB, or sophisticated manufacturing processes – every adhesive tape is the result of the entire expertise of our specialists. Moreover, you can also count on us when it comes to improving your operational procedures: our experienced application engineers are always at your disposal.

We are first choice when it comes to adhesive tape solutions in flexo printing.

Measurable quality: Every Lohmann foam mounting tape has to pass our thickness measurement unit.

Documented: the thickness of every single foam mounting tape.

DuploFLEX® 3 and DuploFLEX® 4 ranges: perfect for all label printing requirements.

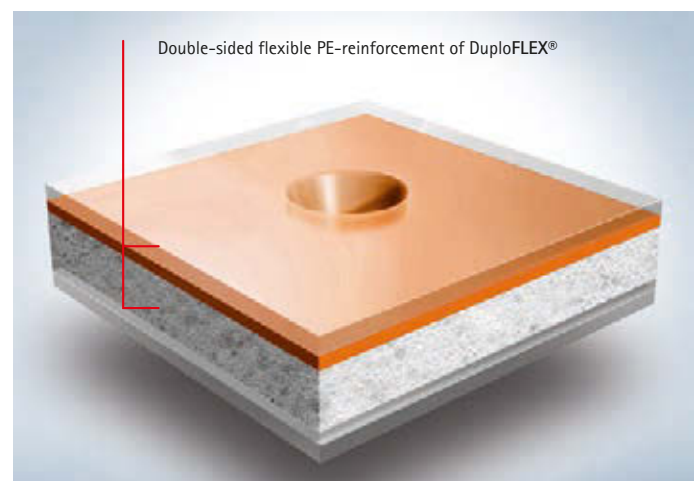

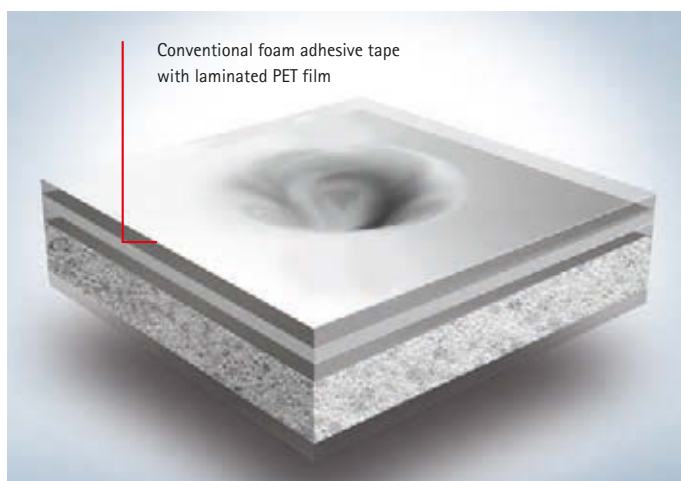

Double-sided flexible PE-reinforcement

For your individual quality advantage.

In contrast to conventional foam mounting tapes with PET film laminated on one side, Lohmann's DuploFLEX® 3 and 4 ranges are equipped with a double-sided flexible PE reinforcement. This significant construction feature ensures optimal print images. The forces acting

upon the compressible foam are perfectly cushioned. The result: No uncontrolled dot gain and an excellent print image – even at a low impression setting.

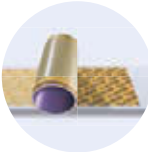

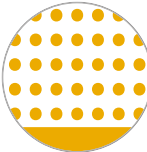

Every print a masterpiece: Perfect in dot and solid printing

Our range for excellent print results – whatever the application.

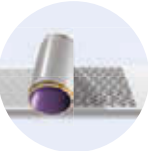

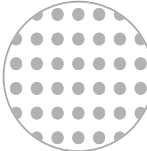

Fine process work, brilliant halftones, a perfect solid and clean fonts. Whatever print image you set out to achieve – the DuploFLEX® 3 and DuploFLEX® 4 ensure excellent results in the 0.38 and 0.44 mm ranges.

The table provides an overview of which foam hardness we recommend to produce the desired print image. Practical for your storeroom: The color-coded packaging ensures immediate product identification. Moreover, the entire DuploFLEX® packaging is 100 % recyclable, which is easy on the environment and keeps down your disposal expenses.

DuploFLEX® 3: Quality print in the entire 0.38 mm range.

Desired print image		Foam	Product
		Soft	DuploFLEX® 3.2
		Firm	DuploFLEX® 3.4

DuploFLEX® 4: Quality print in the entire 0.44 mm range.

Desired print image		Foam	Product
		Soft	DuploFLEX® 4.1
		Medium	DuploFLEX® 4.2
		Firm	DuploFLEX® 4.4

The benchmark for label printing

Unrivaled compressible plate mounting tapes.
Thus, every print will be a masterpiece.

In today's printing business, the name of Lohmann is inseparably connected with the DuploFLEX® brand, which is now widely acknowledged as the benchmark for compressible plate mounting. Our mounting tapes DuploFLEX® 3 and DuploFLEX® 4 have been specially developed for the requirements posed by label printing. What's in it for you? Perfect print results of the highest quality, and thus decisive advantages over your competition.

Your demand:

Perfect results for all print jobs, even at low impression setting

The DuploFLEX® solution:

Premium quality

- Product setup with minimal thickness tolerances and optimal resilience
- No plate lifting
- No uncontrolled dot gain

Solution-oriented product selection

- Personal consultation
- Wide selection of adhesive and foam properties as well as two variations of thickness (0.38 mm and 0.44 mm)
- Customized development solutions upon request

Perfect handling

- Easy repositioning during mounting
- Residue-free demounting

Your advantage:

A decisive, competitive edge

The art of always having the right material.

DuploFLEX® – a portfolio for all situations

Flexible packaging, labels, corrugated board: No matter what kind of flexo printing is involved – with the DuploFLEX® portfolio you can always rely on an uncompromising quality. Even under the most difficult conditions. More about the individual advantages of our plate mounting tape solutions can be found in the new DuploFLEX® brochures.
